EpiCor®: helps maintain good digestive and immune health and reinforces the immune system's first line of defense<sup>Δ\*\*</sup>  
Improves Gut Microbiome Health<sup>Δ\*\*</sup>  
EpiCor® is a whole food fermentate prebiotic that balances and strengthens your gut by boosting its levels of good bacteria to promote health every day.<sup>Δ\*\*</sup>  
A healthy gut has more than 10 trillion bacteria! Gut Connection® is different because it does not provide probiotics, so you can take it alone or with your favorite probiotic. This allows your body to create its own healthy bacteria. <sup>Δ\*\*</sup>  
<sup>Δ</sup>Based on results from a study using a dynamic model representing GI digestion.
